

Rainshine by low light mixes

An exclusive guest mix for Ambient Music Guide, July 2016

NOTES BY DAVE MICHUDA

This mix is pretty self-explanatory based on the track titles. The first half is all rain songs and the second half transitions to sunlight. I added some rain field recordings to a few of the songs but most of them already had rain sound fx in the original track.

TRACKLIST

00:00 John Luther Adams - In the rain
03:40 Christian Wallumrod, Arve Henriksen, Jan Bang, Erik Honor - Birth Wish
